Overthrust states that the filing is being made in compliance with the Commission's July 15, 1999, letter order in Docket No. RP99-339-000 (the July 15 order).

In the July 15 order, the Commission accepted tariff sheets to be effective, subject to Overthrust revising its tariff sheets within 15 days of the order to reflect corrections discussed in its July 15 order. This tariff filing is tendered as required by the Commission's directives.

Overthrust states that a copy of this filing has been served upon its customers, the Public Service Commission of Utah and the Public Service Commission of Wyoming.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

David P. Boergers.

[Docket No. ER99-3679-000]

PEI Power Corporation; Filing

July 29, 1999.

Take notice that on July 21, 1999, PEI Power Corporation filed a quarterly report for the quarter ending September 30, 1998.

Any person desiring to be heard or to protest such filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Rules 211

and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). All such motions and protests should be filed on or before August 10, 1999. Protests will be considered by the Commission to determine the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection. This filing may also be viewed on the Internet at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

[Project No. 201-000 AK]

Petersburg Municipal Power and Light; Petersburg Municipal Power and Light's Request To Use Alternative Procedures in Filing a License Application

July 29, 1999.

On July 7, 1999, the existing licensee, Petersburg Municipal Power and Light (Petersburg), filed a request to use alternative procedures in submitting an application for a new license for the existing Blind Slough Hydroelectric Project No. 201. The 2.0-megawatt project is located on Crystal Creek, and Mitkof Island, about 16 miles from the City of Petersburg, Alaska. Petersburg has demonstrated that it has made an effort to contact all resource agencies, Indian tribes, nongovernmental organizations (NGOs), and others affected by the proposal, and that a consensus exists that the use of alternative procedures is appropriate in this case. Petersburg has also submitted a communications protocol that is supported by most interested entities.

The purpose of this notice is to invite comments on Petersburg's request to use the alternative procedures, pursuant to Section 4.34(i) of the Commission's regulations.¹ Additional notices seeking comments on the specific project proposal, interventions and protests, and recommended terms and conditions will be issued at a later date.

The alternative procedures being requested here combine the prefiling consultation process with the environmental review process, allowing the applicant to complete and file an Environmental Assessment (EA) in lieu of Exhibit E of the license application. This differs from the traditional process, in which the applicant consults with agencies, Indian tribes, and NGOs during preparation of the application for the license and before filing it, but the Commission staff performs the environmental review after the application is filed. The alternative procedures are intended to simplify and expedite the licensing process by combining the prefiling consultation and environmental review process into a single process, to facilitate greater participation, and to improve communication and cooperation among the participants.

¹ Order No. 596, Regulations for the Licensing of Hydroelectric Projects, 81 FERC ¶ 61,103 (1997).
